Instructions to Create Account in my.Scouting & take training

Navigate to my.scouting.org

Select Create Account

Welcome to my.Scouting

New to Scouting or don't have an account?

By creating a my.Scouting account, you will be able to manage your or your youth's participation in Scouting including completing an application to register in the Scouting programs.
Enter your information and click Next
The system will try to find a record for you and if one is found it will prompt you to use that information to create your account.

You will be asked to complete a Recapcha to insure you are a person rather than an automated process creating your account.

Click Verify
You will proceed with entering your pertinent information, unless the record is found and then this information will be pre-populated.
Select your security questions, enter answers & click Create Account

CREATE ACCOUNT
Now you can either Search for a Unit to Register or Navigate to Visit Training Page
This will take you to the scouting.org website explaining about the importance of Youth Protection Training.

You can click the link, sign into my.Scouting.

Once logged in you can get to training from the links on the landing page
Or Click Menu, then in drop down click My Dashboard.
You are now at the My Training Page where you can take Youth Protection Training.

The Training Center tab allows you to go to training for any of the programs

And the Requirements tab, identifies the requirements for your registered position.
If you do not initially have your registration member id but receive it later then please select Manager Member id under Legacy Web tools to verify that your correct id is in your account so you will get credit for the training you take.

If the id for your registration (on your membership card) is different then what is listed in your account, please add the id on your card to your account and select it to be primary.
You must logout of the system and then log back in for the change to take effect. Your role will change to the new member ID setting.
